UNIFORMS & APPAREL

Senior living communities have diverse uniform needs and you need uniforms that help your team meet every challenge. Cintas Uniform Rental and Uniform Purchase programs allow you to find the perfect uniform for your employees job functions, as well as enhance the image you want to project to residents and visitors.

- Women's Workwear
- High Image Apparel
- High-Visibility Workwear
- Carhartt® Rental
- Chef Works® Culinary Apparel
- Flame Resistant Clothing (FRC)

MICROFIBER TOOLS

Keeping your facility clean is a round-the-clock endeavor. You can make cleaning more effective and efficient with RubberMaid® microfiber mops, wipers and dusters, which remove 99.9% of surface contaminants in a fraction of the time*. Plus, Cintas uses a proprietary wash formula specific to healthcare microfiber and delivers your microfiber on a scheduled basis, saving you time from managing inventory.

- Flat Mop
- Dust Mop
- Wipers
- Tube Mop
- Duster

FIRST AID & SAFETY

Take steps to make available to your own team both bandages and over-the-counter medication they can use to treat themselves. With regularly scheduled visits, Cintas will stock safety supplies and personal protective equipment you select and will also keep first aid cabinets stocked with the products of your choosing. We also offer training and compliance courses so your non-clinical team is prepared for any situation.

- First Aid Supplies
- Safety Supplies and Personal Protective Equipment (PPE)
- Training and Compliance Courses
- AEDs and Emergency Products

LAB COAT PROGRAM

A crisp, clean lab coat conveys professionalism, competence and experience but keeping them looking white and fresh can be a challenge. The Cintas Lab Coat Program eliminates the obstacles that may be keeping your lab coats from being **ready** to perform. We professionally launder, inspect for wear and tear, make necessary repairs and even replace damaged lab coats, all on a reliable delivery schedule determined by you.

- Lab Coats
- Flame Resistant (FR) Lab Coats
- Lapel Coats
- Barrier Coats
- Precautionary Lab Coats
- Male and Female Styles

FACILITY SERVICES

The busy nature of your facility makes it a challenge to stay one step ahead of messes, spills and dirt. Cintas will provide the cleaning chemicals and paper products needed to keep the restrooms disinfected and stocked and will deliver clean mats, mops and towels weekly. You can customize the programs we offer to meet the unique needs of your facility.

- Mat, Mop and Towel Services
- Restroom Supplies
- Cleaning Chemicals
- Microfiber Cleaning Tools
- Parts Cleaner

CINTAS ULTRACLEAN®

Your facility requires special attention if it's going to be the kind of clean you need and your residents demand. The Cintas Deep Clean program is designed to achieve in-depth cleaning by revitalizing floor surfaces such as carpet, tile, grout, concrete and even drapes and upholstery. Trained professionals also clean your A/C units, helping to improve indoor air quality and freshness. Finally, be confident that your restrooms are deeply cleaned and sanitized, with our restroom deep cleaning that removes bacteria and soil and helps prevent cross-contamination.

- Tile & Carpet Cleaning
- Coil Cleaning
- Cintas UltraClean® Restroom Cleaning

PROTECTIVE APPAREL

Many assisted living facilities are taking additional steps to help protect their staff and residents. Cintas can help you get ready with our rental face mask and Non-Surgical Isolation Gown services – which includes laundering and delivery.

- Rental Face Mask Service
- Reusable Non-Surgical Isolation Gowns

Cintas' face masks have not been cleared or approved by the U.S. Food and Drug Administration (FDA). This product has been authorized by FDA under an Emergency Use Authorization (EUA) for use as source control by the general public as well as healthcare professionals in healthcare settings as to help prevent the spread of infection or illness during the COVID-19 pandemic. Cintas is marketing its face masks under the terms of this EUA, and its face masks are currently authorized for marketing by the FDA only for as long as the public health emergency remains in effect.

Cintas expressly disclaims all implied warranties including any implied warranty of merchantability or fitness for particular purpose. Further, Cintas makes no warranties, express or implied, that these masks prevent infection or the transmission of viruses or diseases or that the masks contain any antimicrobial, antiviral, or antipathogenic qualities. The masks should not be used (1) in any surgical setting or where significant exposure to liquid, bodily or other hazardous fluids, may be expected; (2) in a clinical setting where the infection risk level through inhalation exposure is high; or (3) in the presence of a high intensity heat source or flammable gas.

Pursuant to OSHA Regulations, 29 CFR 1910.132, an employer bears sole responsibility for selecting the type(s) of personal protective equipment to be used by its employees. All purchasers of personal protective equipment from Cintas bear full responsibility for selecting the PPE appropriate for use by their employees. Cintas expressly disclaims all implied warranties including any implied warranty of merchantability or fitness for a particular purpose. These gowns meet all standards for AAMI Level 1 non-surgical isolation gowns and are FDA Class I Exempt medical devices. These gowns are not recommended for use in surgical settings or where significant exposure to liquid bodily or other hazardous fluids may be expected or in a clinical setting where Level 2, 3, or 4 protection is required or warranted.

Inventory is expected to be available beginning in August.
